Volume 59 No. 13 23 9 2014

## **President's message**

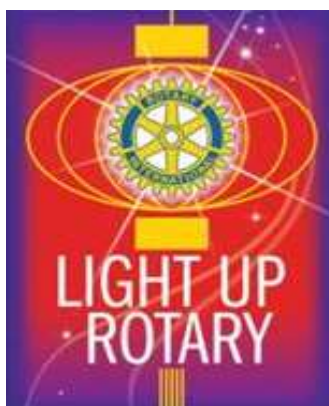

*Our guest speaker last meeting, Professor Leon Stirling, gave us a great insight into what we can expect to see in the future.*

*Showing us the new fads and designs and revealing the latest technology, especially from the big names like Apple and Samsung.*

*There are so many great innovations. We really enjoyed seeing and hearing his two 'junior' robots interacting with his talk. It was most amazing to see them both stand up from a sitting position. A special thanks to 'Bambi' his assistant for helping out with the Robots and to Zoe for organizing her brother to come along.*

*This Tuesday is the last opportunity to complete your questionnaire and support Claire in her efforts to involve all members of the Club in determining our direction and activities. Claire has put an enormous amount of effort and research into this process so, the 20 members who have not yet responded, please get on-board and participate.*

*It is not too late to put your name down to participate as a parking attendant at the Archibald Prize Exhibition at the Mornington Peninsula regional Gallery. The Roster is on the back page. Please let Brian know if you can help*

*This week we will have our monthly report from the board and the opportunity for all members to be involved in what we are doing.*

*We are all looking forward to next Tuesday's more relaxed social meeting at the Marine Tavern 7/2319 Point Nepean Rd, Rye, so please bring along your partner and maybe a friend and engage with Rotary in a fun way.*

*Please let us know this Tuesday night how many will be attending*

*Regards President Lee*

Rotary International President
