President's Message

Two weeks since our last meeting where we had the business report from your board. It was pleasing to see that our enterprises are doing very well, particularly the warehouse and shop. Pat's sausage sizzle continues to thrive and we thank Pat for all his work. The market report on the back page gives an indication of the trials that the members who help there go through. Despite the appalling weather and no electricity they still managed to keep the show on the road. Hopefully the weather will be better in December.

Last week we met with PAEL, our tenants at Rotary House, when we advised them that it is our intention to sell the property to be able to finance the building of a new facility for the warehouse incorporating Club and community facilities. This is a long term project that will improve the returns from the warehouse and provide better Club facilities.

Thanks too to the members who assisted with the parking at the Archibald prize exhibition during Cup week. The volunteers have been given an invitation to the thank you event next Sunday.

It was good to see Dorothy visiting the exhibition and going to the Rose garden to inspect her rose. She sends her regards to all and hopes to be back at meetings soon.

Thanks to Zoë for arranging the Melbourne Cup sweep because my horse came second.

We need to decide on a venue for our Christmas breakup meeting. Any ideas?

Regards, President Lee

Market report November

Saturday morning was wet, wet, and wetter. Adding to the frustration was the fact that the power box that supplies the food van was dead. Pat saved the day going home to get his generator so we managed, albeit with limited power, no coffee, no donuts, no hot water. The usual helpers, Barry stocking the van and cooking early shift, Pat bringing the van down and setting up as well as the site mark out, Geoff Pledge came in and relieved Barry on the hot plate. Libby and Claire gate and site fee collection. Girl Guides only Deborah as Bernice was ill. Geoff sold of all the residue bread, rolls and meat that could not be refrozen. A great job that minimised any waste. Barry and Pat returned the van to the warehouse.

Power was resolved...the fuse box that supplies both the rangers office and food van outlets had come adrift from the supply pole on Pt. Nepean Road. Power company arrived after 2.00pm to repair.

Local electrician Jim Doberous came down before 7am to check out the power problem as we could not get the Shire to come until after 9.00am. (He tested all the power outlets and confirmed that there was no power to power box or the other power outlets near the rangers office). He would not give us a bill so I bought him a bottle of wine for his trouble.

Site fees were \$510 and food van sales were \$111.80. So, not the greatest market day of all time, but by no means the worst either!

Friends of Australian Rotary Health

We have received the Friends of ARH certificates and badges for all members and these will be distributed at our Club meetings.

Warehouse Roster

As the warehouse is now open later on Saturdays and there is little to do early. So, could those on roster please start at 10am and go through to 2pm?
