President's message

My year as President is quickly coming to an end and as I leave this week on my way to the International Rotary Convention, I will have time to reflect on the many things that have happened during the year, and look back and also the things that didn't happen. Some gave me great joy and made me proud to be a Rotarian. So many members, in so many different ways, have contributed much to making my club/your club stand out and lead the way in many avenues of service.

Brian Allen spoke to us as our guest speaker on Tuesday night on Teachers Across Borders. Over the past four years I have watched and listened to Brian, who with his wife travels to Cambodia and helps local teachers to be better teachers. Brian heads a group of about thirty teachers who travel two or three times a year to Cambodia as volunteers.

I have heard Brian talk before about this project and always find it inspiring.

To educate young people is to empower them; to give them a start, to open their first book, to read their first sentence. Isn't it great to see someone following their passion and in doing so, inspiring others and making positive things happen? Thank you Brian for sharing that with us. I know our club will continue to support you and your team. Sometimes we forget just how much you can achieve with the right people and with solid financial support.

Our meeting this week will again be held at the Country Club. There will be a report from the board and Pat will show part of the video of the construction and dedication of the Learning Stone at the Peninsula Specialist College.

The meeting scheduled for June 30 has been cancelled as the changeover is on the previous Friday. At the meeting on June 23 Libby will present her plan for the year and we can finalise arrangements for changeover.

Regards, President Lee
