HOW WE WORK

1

At Rotary, we work to create a positive impact by improving the wellbeing and lives of others. Working to a plan informed by research and reflecting our constantly changing world, we support people in our local community, across Australia and overseas. Sometimes this support may be a one-off, other projects continue year on year.

2

This support includes

- helping families in need
- helping when disasters strike, e.g. supporting bushfire, cyclone, flood and drought-affected communities, and the war in Ukraine.
- long term support

Rotary is a non-political, non-religious global organisation. Much of this work could not be achieved just as a local service group; being part of a world-wide network enables Rotarians to achieve much more

3

In addition to contributing time, practical assistance and advocating to help solve some social issues, we raise the funds needed to help others through:

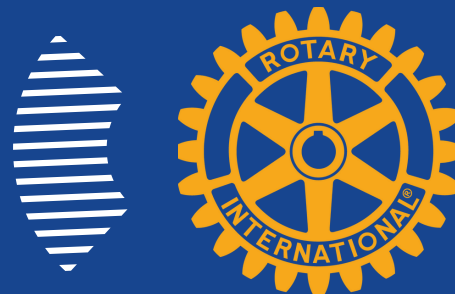

- Rotary Op Shop, Rosebud
- Rotary Warehouse Op Shop, Rosebud Industrial Estate
- Rye Foreshore Market, monthly
- Sausage Sizzle outside Woolies, Rye
- Film Nights
- Occasional other fundraisers

We Meet

We come together

- in person or via Zoom - 1st, 2nd & 4th Wednesdays of the month (6pm for 6.30pm) \$20 meal
- via Zoom (only) on 3rd Wednesday of the month (7pm) and
- enjoy a Social Evening with partners on 5th Wednesday

SUPPORT FOR PEOPLE INTERNATIONALLY

International Service expands Rotary's humanitarian reach around the globe and promotes world understanding and peace.

Rosebud-Rye supports a number of projects, some of which are:

Polio Plus

Polio Plus. Rotary has been working to eradicate polio worldwide for over 30 years. Incredible progress has been made to reduce polio by more than 99.9% - and we continue to support this effort.

Clean Water

Water and Sanitation Programs, including the funding of two Sky Hydrants which provide cheap, continuous clean water for communities in the Philippines

Rotarians against Malaria

Rotarians Against Malaria (RAM). 20 years ago Malaria killed a child every 30 seconds. Considerable progress has been made in preventing, diagnosing and treating malaria and deaths have fallen by 60%.

Interplast

Interplast. Teams of volunteer plastic and reconstructive surgeons, anaesthetists, nurses and allied health professionals provide life changing surgery and medical training in 17 Asia Pacific countries. The latest team, fully funded by Rotary Clubs on the Mornington Peninsula, has recently returned from their work in Tonga.

Koshish Mental Health Program, Nepal

Rotary Garden Project at Koshish - a mental health and psychosocial support, centre in Nepal. Mental illness in Nepal is highly stigmatised; people die from lack of care and are often abandoned by their families when they cannot cope. Rotary is funding a sustainable garden project for Koshish patients to grow their own food, initially saving money, and ultimately to sell fresh food and raise additional funds for the Centre.

ENHANCING OUR ENVIRONMENT

New BBQ Shelter

Late in 2022, Rotary Rosebud-Rye joined forces with the Capel Sound Foreshores Committee with 50/50 funding to build a new BBQ Shelter on the Capel Sound Foreshore.

The aim of the project? More people to enjoy the beautiful surroundings and if needed, a cooking amenity for local people who may be living rough.

The new shelter, a rest stop alongside the bike path, adds another 'piece in the puzzle' to the Peninsula Trail.

Peninsula Trail

The Peninsula Trail is a walking and cycling network that extends over 100 kms, linking the Peninsula and beyond. The project is a transformational opportunity to showcase the many attractions of the Mornington Peninsula. When complete, the Trail will offer a continuous off-road cycling and walking track around the Peninsula. Each of the eight Rotary Clubs on the Peninsula are involved, together with the Mornington Peninsula Shire, contributing various aspects of the project within their locality.

Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has. Margaret Mead
